

FDNY Search & Rescue Field Medicine Symposium

May 14 - 17, 2026

FDNY SEARCH & RESCUE FIELD MEDICINE SYMPOSIUM

The FDNY and the FDNY Foundation are proud to invite all first responders to the annual FDNY Search & Rescue Field Medicine Symposium (SRFM). Each year, the FDNY SRFM Symposium brings together military, federal, state, and local medical responders to share their experiences and best practices. The FDNY SRFM Symposium includes lectures on current hot topics, updates on the latest medical technology, and recent case studies from around the world. The FDNY SRFM Symposium takes place over four days with workshops, lectures, panel discussions, hands-on skills scenarios, and a vendor showcase with the latest equipment and products.

PACKAGES
